10. Read the text and answer the following the questions. (3)

One easy way to protect wildlife is learning about endangered animals that live around us. Teach your friends and family about the wonderful birds, fish and plants that live near your home. In this way, they are going to be more careful about nature. You can also visit a national wildlife museum or park. These places give good information about how to protect endangered animals and their homes. You can do voluntary work in these places to help animals and their babies.
